

“wstereo.pl” an on-line magazine published a new review of our HTA-700B v.3-USB hybrid amplifier (07-2020).

SMALL BUT VERSATILE

It sounds in a warm and smooth way without hurting ears with intrusive and sharp sopranos, or torturing us with over-inflated bass. It plays mainly with midrange, musically, calmly, providing quite a lot of details and information about the timbre. Simply in a relaxing way.
